All partner organisations have been participated into the training program and sent their feed-back of the quality and relevance of this meeting via Google Form:

[https://docs.google.com/forms/d/1I0wWsBAOc3bkgBmmEd4enWjhjPDsQ\\_eNqiLK2grLEoU/edit](https://docs.google.com/forms/d/1I0wWsBAOc3bkgBmmEd4enWjhjPDsQ_eNqiLK2grLEoU/edit)

The results of this evaluation show that the overall training has been organised on good premises and offered good quality activities and opportunities for learning & exchange of good practices within the E-CLASSES project.

#### Quality of the trans-national element:

- Each partner contributed to the debates, learning activities and the overall success of the meeting. (94,1%)
  - Partners shared roles and responsibilities during the event or as part of the learning program (88,2%)
  - There has been a mutual understanding amongst partners about the training and the short-term/long-term objectives of the event and the project (88,2%)
  - There were clear evidences in the event programme of link with the overarching transnational project and the relevant funding programme. (76,5%)
  - There was a proper extent of the opportunity for participants to share relevant information about their own contribution and roles within the learning process of the project. (94,1%)
- There was a clear evidence of planning and realistic timescales for learning activities and discussions. (70,6%)

**Structure, content and delivery of the event:**

- The activities included an appropriate content, clearly related to the aims/objectives of the meeting, based on active learning and practical approaches. (70,6%)
- The needs and expectations of participants have been taken into account and the participants had the opportunity to contribute their own expertise. (82,4%)

**Materials, resources, equipment:**

- There was a sufficient range and suitability of resources (including ICT, internet) available and the materials issued during the training event were relevant and clear. (76,5%)

**Quality of the domestic arrangements:**

- The working venue was suitable, special requirements of participants have been taken account of (if any). (80%)

**Positive aspects of the training:**

- Sharing experience; program; event location\
- The possibility for listening all partners works presentation, the relationship between the participants, the compromise of the participants.
- Meeting with new teachers, sharing good practises and visiting a foreing school.
- Organisation, Development of activities, know better the teachers the partnership is working woth outside of the local coordinators
- Meeting with other teachers, exchange of experience, beautiful place
- sharing good practises; organisation; meeting with other teachers
- Everyone pulled together to the shared aim of the project, friendliness, organisation
- Friendship, Collaboration, History
- Co-operation, organization, shared goals.
- Comminment, sharing, participation
- interactivity, exchange of best practices, collaboration
- Educational Experience, Dana's organizational competences, the quality of teachers
- warm welcome, good exchange of ideas, motivation
- atmosphere, communication, venue (visits to schools)
- 1. Possibility to experiment and develop new learning practices and teaching methods regarding Methodology of Flipped Classroom; 2. Exchange useful experience about Innovations in modern flip methodology; 3. Learn about new opportunities and resources regarding e-classes for future professional practice
- Exchange of experiences, good practises, new ideas for improving teaching

- The staff training event was extremely useful, creative, inspirational, positive, emotional and motivating! Many good practices, ideas, resources, and technical opportunities have been exchanged and discussed as well. The presenters were excellent and very original.

**Aspects of the meeting that need improvement in the future.**

- To use the time we are together to make little work teams and involve more to all the participants, to spend more time working, to mix more the partners of different countries so they can learn more from one to each other.
- The timetable should be more realistic (maybe it wasn't necessary a whole week)
- I don't see any
- Internet connect, venue of training, evaluation of the partners' work to be evaluated on the spot
- Technical sessions
- talks program, visit to schools,
- Timing of deadlines
- Better training room
- internet Access for telling something
- Clearer guidelines at the beginning of the project
